Interested in a career in journalism or media?

Jessica Grimble, editor, *The Wimmera Mail-Times*

Tell us about your career.
My involvement with The Wimmera Mail-Times began during my year 10 studies at Horsham College, when I completed work experience and later became a contributor. After finishing year 12, I went on to start my journalism career as a cadet reporter at The Mail-Times. I left Horsham in 2010 to gain broader career experiences. I have since worked in senior leadership roles at The Shepparton News, The Cobram Courier, The Bendigo Advertiser and The Warrnambool Standard before returning to The Mail-Times in March.

What brought you back to the Wimmera?
Becoming the editor of The Wimmera Mail-Times was a long-held dream of mine. The opportunity to come home and live that dream has been an amazing whirlwind of opportunity and growth. I am proud to have grown up in this beautiful part of the country, at Brimpaen, and I understand what makes this region tick. My love for the Wimmera has remained constant despite many years away.

What do you like most about your role?
I love telling the stories that matter to our community. That is the beauty of a masthead such as The Mail-Times - we live in, we participate and we are connected to our community. We are also providing news to our readers in new ways than ever possible before, both online and in print, and that's truly exciting. I love that no two days are the same.

What advice would you give to people wanting to pursue a career in the media?
Put yourself out there. Work hard, never stop learning and don't be afraid to ask questions. Good communication is key. Keep your eyes open - everyone has a story to tell. Be open to new ideas and feedback.

About the Expo

The Western Victorian Careers Expo is country Victoria's largest careers expo. Since its inception in 1986, this premier regional event has provided a one-stop-shop of vocational information to Western Victorian students, school leavers, job seekers, career changers, those returning to work and people considering further study or training.

The Expo offers a broad range of career and course information as well as interactive opportunities including our 'Try A Trade' section. The Wimmera Events Centre (WEC) at Longerenong offers a high standard of facilities for presenters and participants, and allows exhibitors sufficient space to present their information in engaging and innovative ways.

Attendees have the opportunity to talk to a wide range of career, industry and course advisors on a one-to-one basis. Our exhibitors and presenters consist of local, regional, metropolitan and interstate representatives, including more than 20 Victorian and South Australian universities.
Over 2,000 students, parents, job-seekers and careers changers from across the Wimmera Mallee attend annually.

Special Guest Damien Thomlinson

The special guest at this year's Expo, has an amazing story to tell about being in the armed forces, followed by several career changes due to a horrific accident.

Damien Thomlinson is an Australian veteran of the war in Afghanistan and former member of the elite 2nd Commando Regiment. Like many of his comrades in the armed forces, Damien can accurately be described as a war hero but it is his incredible achievements since leaving the forces that have inspired so many around the world. Since returning to Australia, he has become an acclaimed actor, an aspiring Paralympian, an author and a riveting keynote speaker.

Damien's story of losing his legs in Afghanistan then going on to appear in a film directed by Mel Gibson and training for the winter paralympics is an inspiration for expo attendees to continue to set goals, and believe that anything is possible, no matter what the circumstances.

GET MORE OUT OF YOUR CAREER WITH THE AUSTRALIAN DEFENCE FORCE

There are over 250 job roles available in the Australian Defence Force all offering world-class training, job security, free healthcare and a competitive salary.

If you've ever wondered what life as a sailor, soldier or airman/airwoman is like, come and visit us in the main expo arena and talk to current serving military personnel and learn about the steps they took in planning their future.
