Your future in nursing and midwifery

Gain professional accreditation

Our nursing and midwifery courses are accredited by the Australian Nursing and Midwifery Accreditation Council and approved by the Nursing and Midwifery Board of Australia, ensuring clear career outcomes upon graduation. This means after completing a Deakin nursing course, you're eligible to apply for registration as a registered nurse with the Nursing and Midwifery Board of Australia. On completion of the Bachelor of Nursing/Bachelor of Midwifery, you're also eligible to register as a midwife.

Pursue a career rich with opportunity

As a Deakin nursing graduate, you'll be highly sought after for your:

- ability to provide high-quality, person-centred and evidence-based care focused towards improving patient outcomes
- communication skills
- nursing and health sector knowledge
- problem-solving capabilities
- professionalism.

As a registered nurse, you can work in a range of settings, including:

- aged care
- clinics
- community health centres
- government agencies and private industry
- homes
- hospices
- hospitals
- schools
- universities.

Study with the best

The School of Nursing and Midwifery is ranked 29th in the world – a testament to the quality of our courses and research.¹ This ranking is based on:

- academic reputation
- employer reputation
- research impact.

¹ 2020 QS World University Rankings.

When you're not on a clinical placement, you'll be learning in purpose-built spaces with state-of-the-art equipment.

Your future in nursing and midwifery

Experience practical, hands-on learning

Early exposure to clinical environments lets you develop and consolidate your skills, so you graduate job-ready and with confidence. When you're not on a clinical placement, you'll be learning in purpose-built spaces with state-of-the-art equipment.

Develop core skills in our Clinical Simulation Centres

Our campuses in Melbourne, Geelong Waterfront and Warrnambool each have a world-class Clinical Simulation Centre.

Purpose-built, flexible learning spaces and simulated clinical settings offer a safe, supportive and realistic environment for you to develop core clinical nursing and midwifery skills.

The simulated learning spaces replicate hospital and community environments with equipment and facilities like:

- beds, hand basins and wall oxygen
- disposable dressing packs and injection equipment
- lifting machines
- resuscitation trolleys
- suction outlets and cardio monitoring systems
- technologically advanced and responsive human-patient simulation mannequins
- web-based resources: online library access, journals and pharmacology resources.

Join the Peer Mentoring Program

Sign up to the Faculty of Health's Peer Mentoring Program in your first year at Deakin to get support and guidance from more senior students in your course. You'll learn about the support services and facilities available, while gaining useful tips about studying at Deakin.

deakin.edu.au/health-mentoring

Learn in real-life settings

Clinical placements begin in Trimester 1 of your first year and continue throughout your course in every trimester.¹ They provide extensive opportunities to develop and consolidate your learning, and are undertaken in various metropolitan, regional and rural health care settings under the supervision of qualified practitioners.

You can complete the majority of your placements within one organisation – our fellowship program – or opt to attend different hospitals and settings – the choice is yours.

Our clinical partnership networks include:²

- Alfred Health
- Austin Health
- Barwon Health
- Eastern Health
- Epworth HealthCare
- Healthscope – Holmesglen Private, Knox Private, Melbourne Private
- Melbourne Health
- Mercy Health
- Monash Health
- Mulgrave Private
- Ramsay Health Care
- South West Healthcare
- St John of God Geelong
- St John of God Warrnambool
- South West Healthcare
- Western Health.

¹ To be confirmed in 2022 and beyond, subject to government restrictions.

² The School of Nursing and Midwifery partners with a wide range of health services, so this list is not exhaustive.

'I worked alongside nurses of varying experience to further develop the skills and knowledge I learnt at university. I was able to ask questions about real-life scenarios, and ultimately watch the outcomes. There is no comparison to on-the-job training.'

Chloe Hunt

Bachelor of Nursing graduate
Graduate Nurse, Royal Women's Hospital, Newborn Intensive Care Unit (NICU)

Learning at Deakin through COVID-19 and beyond

As a leader in digital learning, we know our students value Deakin's connected and engaging online study environment and we also understand that many students value attending campus. At Deakin, you can be confident of not just a COVIDSafe environment, but a tailored, collaborative learning experience for each course, designed to achieve the best possible combination of online and on-campus activities whilst adhering to government regulations.

Dynamically delivered, world-class learning – it's what Deakin does best. Find out more at deakin.edu.au/learning-at-deakin-through-covid-19.

Your future in nursing and midwifery

Gain international experience

See the world with an international exchange or study tour. For example, Bachelor of Nursing students can undertake a trimester with VIA University College, Viborg (Denmark), and gain credit towards their degree.

You can also participate in an international study tour as an elective unit, exploring health care in countries like Bhutan, China, the Philippines or Thailand.¹ These international experiences help you appreciate a nurse's role in different environments and understand the meaning of global citizenship through practical experience.

#1 Victorian university for student satisfaction

Year on year, our students are the most satisfied students of all Victorian universities.² We've ranked this highly for the past 10 years, with students being particularly happy with our:

- teaching
- learning resources
- student support
- skills development
- learner engagement.

¹ All School of Nursing and Midwifery students are able to apply for study tours. All tours to be confirmed in 2022 and beyond, subject to government travel restrictions.
² Australian Graduate Survey 2010–2015, Graduate Outcomes Survey 2016–2019 (GOS), Quality Indicators for Learning and Teaching (QILT).

'The fact Deakin is so highly regarded by the health industry means my qualification will be widely respected, which will go a long way towards setting me up for employment after graduation. Each nursing placement is so incredibly rewarding – when I put on the Deakin uniform it comes with a sense of excitement, nervousness but a massive sense of pride.'

Josie Ellerton
Bachelor of Nursing student

Australia's #1 university career service¹

From day one at Deakin, and well into the future after graduation, our award-winning career service – DeakinTALENT – will prepare you for the jobs of tomorrow. You'll have lifetime access to career coaching, industry networking opportunities and a comprehensive suite of digital resources that will help you become the most employable version of yourself.

deakintalent.deakin.edu.au

¹ Australian Graduate Recruitment Industry Awards 2017, 2018, 2019 winner for most popular career service in Australia.

Be rewarded for your hard work

A Deakin scholarship is more than just a financial boost. It is our chance to acknowledge your accomplishments and reward your hard work, setting you on the path to success at university.

Our extensive scholarship program includes three key scholarships:

- Vice-Chancellor's Academic Excellence Scholarship
- Deakin Scholarship for Excellence
- Deakin Student Support Scholarship.

We also offer a range of donor and government-funded scholarships. Each is unique with differing criteria, rewarding aspiring students from diverse backgrounds.

Visit deakin.edu.au/scholarships.

Scholarships are also available through the Australian College of Nursing (ACN), a major professional body responsible for the management and administration of a variety of scholarships for nursing and midwifery students.

acn.edu.au/scholarships

They are also available through many other bodies, including Rural Health Workforce Australia.

Bachelor of Nursing¹

H326 **B** **72.10** **WF** **62.35** **WB** **50.65** **NIK** **3** **T1**

Deakin's Bachelor of Nursing gives you the knowledge, skills and ethical understanding you need to become a competent and successful registered nurse – launching you into a career where you can make a real difference. This course prepares you to provide high-quality, safe, patient-centred care in a range of settings.

Professional recognition

On successful completion of your course, you'll be eligible to apply for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA).²

Careers

As a Deakin nursing graduate, you'll be highly sought-after for your nursing and health sector knowledge, communication skills, professionalism and ability to provide personal, evidence-based care – which is why we're proud to record a high graduate employment rate of over 95%.³

As a registered nurse, you can pursue career opportunities in a range of work settings, including:

- aged care
- clinics
- community health centres
- government agencies and private industry
- homes
- hospices
- hospitals
- schools
- universities.

Work experience

You will gain clinical experience in a variety of settings, which may include acute/sub-acute care, medical and surgical care, aged care, rehabilitation, paediatrics, community nursing and mental health nursing. These clinical placements will be undertaken in hospitals and community health centres in metropolitan, rural and regional areas.

Clinical placement requirements

See page 12.

Course structure^{4,5}

This course consists of 24 credit points including 17 core units, which are a combination of 1- and 2-credit-point units, and three elective units. An honours year is available to eligible students upon completion of this degree.

Trimester 1

Year 1

Quality and Safety in Health Care
Introduction to Anatomy and Physiology
Understanding Health
Quality and Safety: Nursing Practice 1

Trimester 2

Understanding Research Evidence
Health Assessment
Quality and Safety: Nursing Practice 2

Year 2⁶

Community Nursing Practice
Mental Health and Illness
Elective

Quality Use of Medicines
Quality and Safety: Nursing Practice 3
Elective

Year 3

Leadership and Clinical Governance
The Older Person and Supportive Care
Chronic Illness and Supportive Care
Elective

Child and Adolescent Health
Mental Health Promotion
Comprehensive Nursing Practice

- 1 All commencing students will be required to demonstrate English-language proficiency – refer to deakin.edu.au/course/H326 for current information.
- 2 This course is currently accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and is an NMBA approved course at the date of publishing.
- 3 Australian Graduate Survey 2010–2015; Graduate Outcomes Survey 2018–2020, Quality Indicators for Learning and Teaching (QILT).
- 4 This course structure should be used as a guide only and advice should be sought when selecting units.
- 5 Academic Integrity (HAI010) is a compulsory 0-credit-point unit that you must undertake as part of this course.
- 6 At the Melbourne Burwood Campus and Geelong Waterfront Campus, these units can be completed in either T1 or T2.

You will gain clinical experience in a variety of settings in metropolitan, rural and regional areas.

'I chose the Bachelor of Nursing (Clinical Leadership) course because it was the only course of its kind in Australia. This afforded me the opportunity to experience and discover the role that leadership plays across all facets of nursing practice, an opportunity that has proven invaluable. I think the course is a perfect example of adapting to the changing needs of the industry.'

Eamon Tuke

Bachelor of Nursing (Clinical Leadership) graduate

Bachelor of Nursing (Clinical Leadership)^{1,2}

H329 **B** **81.50** **3** **T1**

Deakin's Bachelor of Nursing (Clinical Leadership) is the only undergraduate degree of its kind in Victoria. It builds on the core units of the Bachelor of Nursing with three additional units focused on developing and enhancing your leadership potential. Through mentored learning experiences in clinical settings you'll observe and work alongside nurse leaders from our partners, and experienced staff from our School of Nursing and Midwifery.

Professional recognition

On successful completion of your course, you'll be eligible to apply for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA).³

Careers

As the only nursing course of its kind in Victoria, you'll graduate from the Bachelor of Nursing (Clinical Leadership) confident that the skills and knowledge you've gained will set you apart from other nursing graduates. Deakin nursing graduates are highly sought-after for the high-level knowledge, skills, expertise, professionalism and communication skills they bring to the workplace. With additional skills and knowledge in clinical leadership, you will be well placed to pursue a wide range of nursing careers in different settings, including potential leadership and management roles.

Work experience

You will gain clinical experience in a variety of settings, which may include acute/sub-acute care, medical and surgical care, aged care, rehabilitation, paediatrics, community nursing and mental health nursing. These clinical placements will be undertaken in hospitals and community health centres in metropolitan, rural and regional areas.

In addition, as part of the core leadership units that set this course apart from the Bachelor of Nursing, you will participate in mentored learning experiences, providing you with the opportunity to observe and work with:

- clinical nurse leaders from our partners in clinical settings
- research professors and world-class educators from the School of Nursing and Midwifery.

Clinical placement requirements

See page 12.

Course structure^{4,5}

This course consists of 24 credit points and includes the same core units as the Bachelor of Nursing, with the addition of three units covering leadership and management: Perspectives on Leadership and Management, Perspectives on Research Leadership, and Perspectives on Educational Leadership. An honours year is available to eligible students upon completion of this degree.

Trimester 1

Year 1

Quality and Safety in Health Care

Combined courses

Bachelor of Nursing/ Bachelor of Midwifery¹

D355 **B** **92.65** **WF** **88.50** **WB** **78.60** **4** **T1**

Midwives play an invaluable role in facilitating childbirth and caring for mothers and babies throughout pregnancy, labour and beyond. With Deakin's combined Bachelor of Nursing/Bachelor of Midwifery, you'll graduate ready to gain registration as both a nurse and a midwife, opening the door to a truly rewarding and diverse career.

Professional recognition

This course is specifically designed to fulfil the registration requirements of the Nursing and Midwifery Board of Australia (NMBA) for both a registered nurse and registered midwife.²

Careers

Nursing and midwifery is a career rich with opportunity. As a Deakin graduate, you'll be highly sought-after for your professionalism and the many transferable skills you'll obtain, such as:

- communication
- critical thinking and problem solving
- health sector knowledge
- nursing and midwifery skills.

You'll enter the world of nursing and midwifery with the ability to provide high-quality, person-centred and evidence-based care focused on improving patient outcomes.

Course structure^{3,4}

This course consists of 32 credit points including 21 credit points for the Bachelor of Nursing and 11 credit points specific to the Bachelor of Midwifery.

	Trimester 1	Trimester 2
Year 1	Quality and Safety in Health Care Introduction to Anatomy and Physiology Quality and Safety: Nursing Practice 1 Partnerships in Midwifery Care 1	Health Assessment Quality and Safety: Nursing Practice 2 Partnerships in Midwifery Care 2

- 1 All commencing students will be required to demonstrate English-language proficiency – refer to deakin.edu.au/course/D355 for current information.
- 2 This course is currently accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and is an NMBA approved course at the date of publishing.
- 3 This course structure should be used as a guide only and advice should be sought when selecting units.
- 4 Academic Integrity (HAI010) is a compulsory 0-credit-point unit that you must undertake as part of this course.

As a registered nurse and registered midwife, you can pursue a global career in a range of work settings, such as:

- acute care/sub-acute care
- aged care
- community health centres
- emergency departments
- government agencies and private industry
- homes

- hospices
- hospitals
- maternity services
- neonatal care
- paediatrics
- rehabilitation
- schools
- universities.

Nursing and midwifery are diverse professions with a number of specialty areas available. We encourage you to look at continuing professional development throughout your career; this may include postgraduate degrees and/or research degrees, including masters and PhDs.

Work experience

You will gain 41 weeks of clinical experience in a variety of settings, which may include acute/sub-acute care, medical and surgical care, aged care, rehabilitation, paediatrics, community nursing and mental health nursing. Midwifery clinical experiences include all areas of midwifery practice, including pregnancy care, labour and birth, postnatal care and neonatal care across a range of hospitals providing maternity services in metropolitan, regional and rural settings.

Clinical placement requirements

See page 12.

'This course has exceeded my expectations. I was surprised how hands-on it was from the start, whether it be our scope of practice on placements or the skills that we learn weekly in the simulation lab. Staff are always well prepared, approachable and are happy to answer questions and clarify information.'

Grace Armarego

Bachelor of Nursing/Bachelor of Midwifery student

Bachelor of Nursing/Bachelor of Psychological Science¹

D387 **B** **77.60** **WF** **77.45** **WB** **NP** **4** **T1**

Deakin's Bachelor of Nursing/Bachelor of Psychological Science develops your understanding of human behaviour and helps to build the skills you need to become a competent and successful nurse. Armed with a wealth of real-world knowledge through your clinical placements, you'll graduate ready for work as a registered nurse and be eligible to pursue further study towards qualification as a registered psychologist.

Professional recognition

On successful completion of your course, you'll be eligible to apply for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA).²

You'll also have completed a three-year undergraduate psychology sequence that is accredited by the Australian Psychology Accreditation Council (APAC) and recognised for registration purposes by the Psychology Board of Australia (PsyBA). Following completion of the course you'll be eligible to undertake additional study in pursuit of provisional registration as a psychologist.

- 1 All commencing students will be required to demonstrate English-language proficiency – refer to deakin.edu.au/course/D387 for current information.
- 2 This course is currently accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and is an NMBA approved course at the date of publishing.
- 3 Academic Integrity (HAI010) is a compulsory 0-credit-point unit that you must undertake as part of this course.

NP means not published – less than five offers made to recent secondary education applicants.

Careers

As a registered nurse with psychology experience, you'll be well placed to pursue career opportunities in a range of work settings, including:

- aged care
- careers counselling
- community development and work/life counselling
- community health centres
- government agencies and private industry
- homes
- hospices
- mental health rehabilitation
- public and private clinics
- public and private hospitals
- schools
- universities
- youth work.

Pathway to psychology registration

If you're interested in pursuing a professional career in psychology, you'll need to complete an approved fourth year of psychology study such as Deakin's Bachelor of Psychological Science (Honours), or the Graduate Diploma of Psychology (Advanced). After this, you may apply for provisional registration with the Psychology Board of Australia and seek associate membership of the Australian Psychological Society.

To gain general registration, provisional psychologists must then complete a minimum of two years of postgraduate study, such as a Master of Psychology (Clinical), Master of Psychology (Organisational), Master of Professional Psychology, or Doctor of Psychology (Clinical) (with supervised practice completed outside the degree).

Work experience

You'll gain clinical experience in a variety of settings, which may include acute/sub-acute care, medical and surgical care, aged care, rehabilitation, paediatrics, community nursing and mental health nursing. These clinical placements will be undertaken in hospitals and community health centres in metropolitan, rural and regional areas.

Clinical placement requirements

See page 12.

Course structure³

This course consists of 32 credit points. An honours year is available to eligible students upon completion of this degree.

You'll complete the APAC-accredited psychology sequence within the Bachelor of Psychological Science. Some of the units you'll study are outlined below:

- Psychology A: Fundamentals of Human Behaviour
- Psychology B: Individual and Social Development
- The Human Mind
- Human Social Behaviour
- Brain, Biology and Behaviour.

Clinical experience in midwifery covers all areas of midwifery practice, including pregnancy care, labour and birth, postnatal care and neonatal care.

Courses

Bachelor of Nursing/Bachelor of Public Health and Health Promotion¹ **D381** **B** **76.35** **4** **T1**

Develop the critical knowledge, skills and ethical understanding to become a registered nurse, balanced with a deep understanding of the skills required to help people engage in healthier lifestyles. Deakin's Bachelor of Nursing/Bachelor of Public Health and Health Promotion enables you to make a difference in the health outcomes of individuals, communities and global populations.

Professional recognition

On successful completion of your course, you'll be eligible to apply for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA).² You may also be eligible to become a member of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).³

Careers

As a registered nurse with public health and health promotion knowledge, you can pursue career opportunities in a range of work settings, including:

- aged care
- clinics
- community health centres
- government agencies and private industry
- homes
- hospices
- hospitals
- schools
- universities.

The skills you'll develop in the growing field of public health and health promotion will qualify you to work in diverse areas, including:

- health and human services
- health education
- health policy development and implementation
- public health communication.

Your knowledge of the social and environmental factors that affect the health of individuals and populations will prepare you for a career in a range of clinical and community settings, such as:

- health education
- patient support agencies
- public health
- rehabilitation
- schools
- voluntary organisations
- working abroad.

ATAR	70.00	Melbourne Burwood Campus	B
Course duration in years	3	Geelong Waterfront Campus	WF
Trimester	T	Geelong Waurn Ponds Campus	WP
		Warrnambool Campus	WB

Work experience

From Trimester 1 of your first year of study, you'll start clinical placements, developing clinical skills under the supervision of registered nurses and working in multidisciplinary health care teams. A Public Health and Health Promotion Practicum unit offers an in-depth working understanding of public health and health promotion principles and approaches in the field.

Clinical placement requirements

See page 12.

Course structure

This course consists of 32 credit points. An honours year is available to eligible students upon completion of this degree.

Some of the Bachelor of Public Health and Health Promotion core units that you'll complete are outlined below:

- Epidemiology and Biostatistics 1
- Health Communication
- Local and Global Environments for Health
- Population Health: A Research Perspective
- Understanding Health.

¹ All commencing students will be required to demonstrate English-language proficiency – refer to deakin.edu.au/course/D381 for current information.
² This course is currently accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and is an NMBA approved course at the date of publishing.
³ All information regarding professional recognition is accurate at the date of publication.

'I knew that I wanted to work in health care but I was unsure in which field, so studying a combined course was a great option. Deakin offered the flexibility of study options. I know I have a great foundation of skills that I built upon throughout my graduate year.'

Josh Dundas
 Bachelor of Nursing/Bachelor of Public Health and Health Promotion graduate
 Nurse, Austin Health

Skills to get you a job

Gain a competitive edge in the workplace with real-world expertise and practical skills. Deakin is ranked Victoria's top university for skills development and teaching quality.¹

Clinical placement requirements

Placement experiences are provided by a range of metropolitan, rural and regional partners. In accordance with Department of Health and Human Services policy,⁸ nursing students are required to undertake an annual Police Record Check and a Working with Children Check at the start of their course, in accordance with the *Working with Children Act 2005*.⁹ Prior to commencing clinical placements, all students are required to confirm that their immunisations (vaccinations) are current and serology has been tested for infection status (blood borne viruses).

English language requirements

Applicants must demonstrate English language proficiency either by providing a written declaration that English is their primary language or evidence that they have achieved the minimum English language test results as specified in the Nursing and Midwifery Board of Australia's (NMBA) English language skills registration standard – refer to deakin.edu.au/course/H326 for current information.

Inherent requirements

There are a number of inherent requirements that are essential to safely undertake and complete the undergraduate nursing and midwifery courses, and to practise safely as a registered nurse and/or midwife.

For information, please refer to the School of Nursing and Midwifery's Undergraduate Courses: Inherent Requirements at deakin.edu.au/sonm-inherent-requirements.

- The 2021 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for domestic students enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change. The fees displayed do not reflect the entire cost of the course if it's completed over a number of years and does not include the Student Services and Amenities Fee or course-related equipment costs.
 - Recent secondary education applicants include current Year 12 students in 2021, as well as Year 12 graduates from 2020 and 2019.
 - International student entry requirements can be found at: deakin.edu.au/international-students.
 - There are four categories under which non-Year 12 applicants may apply to Deakin:
 - applicants with higher education study
 - applicants with Vocational Education and Training (VET) study
 - applicants with work and life experience
 - applicants who completed Year 12 in 2018 or earlier.
 Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.
 - All nursing and midwifery undergraduate courses require a Special Tertiary Admissions Test Multiple Choice (STAT MC) where the applicant has not completed Year 12 (or equivalent) or any tertiary study (minimum Certificate IV) within the last 10 years (from commencement date of the course applied for). Enrolled nurses applying for nursing courses are not required to sit the STAT MC.
 - This course is also available at the National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute. Find out more at deakin.edu.au/nikeri.
 - This course is not available to international students.
 - Department of Health and Human Services Policy on Working with Children Check and Police Record Check can be found at: dhhs.vic.gov.au.
 - Working with Children Act 2005 (No.57, 2005), retrieved 18 December 2015 from legislation.vic.gov.au.
- NP means not published – less than five offers made to recent secondary education applicants.

Inspiration for life,
learning and career

Visit this.deakin.edu.au to uncover unique stories about Deakin and explore different perspectives on study, career and self-improvement.

Deakin understands that evidencing and articulating your capabilities is vital to gaining opportunities. Deakin Hallmarks are prestigious University awards that recognise students' outstanding achievements and capabilities that are key to employment success. After graduating, they offer students the opportunity to differentiate themselves to employers. To find out more visit deakin.edu.au/hallmarks, including how Hallmarks are awarded.
